School Councillor Job Description

- The School Council was welcomed together for the first time.
- Mr. McClay explained the role of a School Councillor and that together the School Council makes decisions that affect the life of the school. Some changes from last year were covered as well as other events councillors were involved with such as the Herd in the City launch.
- Mr. McClay introduced the School Councillor job description and explained the purpose of the role as well as the duties to be carried out. All of the councillors were giving folders to keep their paperwork safe.

The purpose of the job is:

To work collaboratively with other members of the School Council and the School Leadership Team (SLT) to maintain high standards and make school improvements.

- Mr. McClay explained that it is very important that every member of the council is an excellent role model for other pupils, and that they listen to ideas, thoughts, feeling and opinions and then feedback these at meetings. Should the conduct of a councillor fall below expectations, there would be a risk that they be removed from their position.

Action: In the next meeting, class suggestion boxes will be discussed.

Next Meeting: Monday 25th September at 1:00pm.
