## Re: This week's warm weather

Dear Parents and Carers,

The summer is definitely here, isn't it? We have a cooler day today but it does become warmer from tomorrow.

Rest assured that we have lots of experience in managing the school and the children in warmer weather and almost every year we have days like these. Fortunately, our school building is light and airy and we have lots of external doors and windows which provide superb ventilation. I know that the school building is far cooler than my own home! 😊 We also have our lovely outside spaces with plenty of natural shade. We also have our gazebos up on the field.

It was lovely to see so many children wearing summer uniform today – shorts and t-shirts or summer dresses. As an alternative over the next four days, the children are also welcome to wear their PE kits. Please do remember to send the children in with sun hats and water bottles but can I ask that personal fans are left at home – for a number of reasons.

Other measures in this warmer weather:

- We will be encouraging the children to take it easier at break and lunch, meaning there will be less of the busy play. There will be no football or scooters.
- The children will be encouraged to drink water regularly and they will be asked to fill up their water bottles to take outside at lunchtimes.
- Should children not want to be outside at lunchtime, Lunchtime Club inside will continue to run.
- Our air-conditioned Computing Suite will also be open at lunchtime.

A separate communication will be sent to Reception parents later today regarding Friday's educational visit to Hyde Hall.

Yours sincerely,

Mr. C. McClay

Principal
