Pupil Survey

Today's meeting focused solely on a Friars Pupil Survey. In the academic year 2021-22, children across Years 1 to 6 were surveyed about life in school. Pupils were asked a number of questions with most answers requiring a score out of 5 stars. The SLT would like to repeat the survey but were interested in School Council's ideas about the questions that should be asked.

The School Council listened to the previous questions and agreed that the questions were all really good and useful. However, it was felt that additional questions should be asked. Councillors agreed to add questions relating to assemblies, playtimes and educational visits.

Action: Mr. McClay create the survey and then explain it to staff. Mrs. Pinckney will be asked to support children to complete the survey within computing lessons. This will be done before Christmas.

In the next School Council meeting, results will be shared and it will be discussed what the results mean for our school. The Wellbeing Forum will soon be operational and they will also play a part in deciding 'next steps'.
